Press Release

We strongly condemn the assailant for his "lone wolf" terrorist act, stabbing a police officer on duty on 1 July night of the 24th anniversary of reunification with the motherland. He committed suicide after the attack.

This assailant had seriously trampled on the Laws of Hong Kong, maliciously provoked the Hong Kong police and created extreme social unrest. After close follow-up and thorough investigation by the Hong Kong police, it was found that this might not be a single incident. It would appear that assailants were planning to create a more bloody riot.

Hong Kong police arrested nine people on 5 July. Among them were university and secondary school staff and secondary school students. Behind the scene, a terrorist organisation known as "Returning Valiant". The arrested university and secondary school employees who provided funds to deceive and abet young students to commit crimes. Such behaviour is absolutely intolerable in any civilised society.

We fully support the Hong Kong SAR government and the Hong Kong Police Force in taking decisive actions to nip terrorism in the bud to protect Hong Kong.
